Would you mind pulling a couple dates that would work for you to meet with YN-Tom, Dave and all the program folks? Alternately I can try to pull a few dates out of outlook that look open for both of us sometime next week? I have time open on my calendar every day except Wednesday whilst traveling.

(Scott, could you dust off the sequencing memo and send to the team including Karl, Jennifer? I'd like to get this to the TCT for input (I need to call Genevieve's attention to this as well at NMFS), then brief EPA decision makers with the benefit of that feedback.)

My notes attached.

Thank you.
